Subject: Maritime Business Delegation and Maritime Business Forum
Mumbai, India
21–26 November 2026

Dear Members,

The Cyprus Chamber of Commerce and Industry (CCCI), in cooperation with the Shipping Deputy Ministry, is pleased to inform you of the **forthcoming official visit of the Shipping Deputy Minister to India, from 21 to 26 November 2026**, aimed at further strengthening maritime and business cooperation between Cyprus and India.

The Shipping Deputy Minister will be **accompanied by the President of the CCCI, Mr Stavros Stavrou**, as well as a **maritime business delegation from Cyprus**. As part of the visit, a **Maritime Business Forum will be organised in Mumbai**, providing participating companies with an opportunity to establish and strengthen contacts with Indian businesses and explore prospects for cooperation in the Indian market.

The delegation is particularly relevant to companies that:

- already conduct business or cooperate with India;
- are interested in developing new partnerships and business opportunities in the Indian market; and
- operate in areas related to **shipping, maritime services, connectivity, transport and logistics**, including opportunities arising from the India–Middle East–Europe Economic Corridor (**IMEC**), in which Cyprus is seeking to play a meaningful role.

Interested companies are invited to express their interest in participating in the business delegation, preferably at **CEO or senior management level**.

Companies wishing to participate are kindly requested to submit their **expression of interest by 5 October 2026**, providing the company name, name and position of the proposed representative, and contact details, [HERE](#).

Further information regarding the programme, business meetings and arrangements for the Maritime Business Forum will be communicated to participating companies in due course.

**Cyprus
Chamber of
Commerce &
Industry**

We encourage interested companies in the above sectors to take advantage of this opportunity to develop business contacts and explore new avenues of cooperation with India.

Sincerely,

Lily Michaelides
Head
International Relations & Economic Diplomacy
